

Self-Assessment Tool

Self-Assessment: Whenever you seek to grow and develop in any aspect of your life, it is helpful to take note of where you began and to regularly monitor how far you've come. As you embark on this journey with the Lord using the Gospel Tool Bible Study, you can expect to experience actual growth and transformation. We encourage you to be as authentic, bold, and humble as you can when using the Self-Assessment Tool; in doing so, you will help to foster self-awareness and intentionality, and encouragement and accountability if you are participating in a group. This can also lead to a community atmosphere in which the Holy Spirit can do wonderful work. It is not a competition, nor will it be graded; rather, it's about being honest with yourself and the Lord about where you currently are in relationship with Him.

You will use this Self-Assessment Tool for the purpose of measuring your progress and growth throughout the study. The self-assessment identifies six core values that Christians hold and increasingly grow to embody in their lives of following Jesus. For each value, there are two spiritual growth goals listed. The tool uses a "Check in Continuum" to help keep track of your spiritual growth throughout the study. After each goal follow descriptions of the stages of growth, which build from left to right: *Building Foundations* ⇒ *Increasing & Strengthening* ⇒ *Increasing & Regular* ⇒ *Abiding & Consistent*. For each goal, find which description best describes your current status and rate/circle where you think you are on the continuum.

The goal is to grow throughout your time of study. You will complete your initial assessment at the end of Lesson 2 (**Beg**), and then again after each quarter of study – at the conclusion of Lessons 12 (1/4), 19 (1/2), 30 (3/4) and 39 (**End**). The blue parentheses indicate where each assessment is located on the continuum.

The notes section can be used to keep track of progress updates.

Below are the general explanations of each stage of growth:

Building Foundations (B/F): Understanding the concept of the value and goal

Increasing & Strengthening (I/S): Growing in practice of the value and goal

Increasing & Regular (I/R): Growing in the application of the value and goal

Abiding & Consistent (A/C): Developing a lifestyle shaped by the value and goal

Demonstrates humility and submission when praying in a team setting. Welcomes others' discernment in all prayer settings.	Scale B F I/S I/R A/C Beg ————— 1/4 ————— 1/2 ————— 3/4 ————— End —————
Notes	<small>*Discernment refers both to a spiritual practice as well as specific spiritual gifts of discernment, including Discernment of Spirits. All Christians are called to practice-wise spiritual discernment, and some are given a specific gift of spiritual discernment. We use 4 Discernment Principles from PRMI: 1. Does it Give Glory to Jesus Christ? 2. Is it consistent with the intentions and character of God, as revealed in Scripture? 3. Do other people who are born again and filled with the Holy Spirit have a confirming witness? ©2023 www.gospeltool.org 4. Is there objectively verifiable confirmation? </small>				The Gospel Tool Bible Study
